

Messages of Solidarity

Hugs from the Jewish World

We're all part of a meaningful and vibrant Jewish story, woven together like threads in a tapestry.

Now more than ever, the Jewish Agency for Israel, Israel's Ministry of Education, and Jewish organizations and communities worldwide, recognize the importance of strengthening ties between Jewish communities abroad and in Israel.

The Messages for Israel Solidarity Initiative seeks to harness and deepen our connection.

Rooted in the belief that this is the time to enhance our sense of belonging and identity, we inspire Jewish educators and children in Israel and worldwide to exchange messages of solidarity.

There are two kinds of messages we're requesting:

Educator to educator

Student to student

Each message makes a difference. Each message reminds us that we're one big global Jewish family. Each message builds our collective resilience.

עם ישראל חי **Am Yisrael Chai**
